Bartlett Lake

October 10th, 2009

It was a beautiful day on Bartlett. It started out around 58 degrees and warmed up to around 90 degrees. The wind was brisk at first and then calmed down to an on and off breeze for the rest of the day. Everyone caught fish. The 5 pound pot continues to grow as the bigger fish continued to elude us. We had a record turnout of 14 teams, with some new faces and some old ones that were able to start fishing again. We will miss Mike Perry as he has taken an overseas assignment and will be gone for the next year or so. Good Luck Mike!

We hope to see a great turnout at the Roosevelt tournament on November 7th & 8th.
